Hi all:

I have a few agenda items for our call tomorrow I wanted to share with you.

- 1) We've addressed the comments you provided on our cell aggregation summary. There are still a few things I am hoping to iron out, but most of the items have been addressed. I am post a [revised copy](#) with comments back on the PartnerWebsite. If you don't have time to review it prior to our conversation, I think that's fine – I can just walk you through the changes and remaining questions.
- 2) Secondly, we'll share our the next set of model runs we hope to get started on, shortly. [A copy of this document](#) is also on the PartnerWebsite. No need to review this one in advance, but it might be helpful to have copy when we discuss it.
